- Scorecard Configuration
 - Performance Scorecard

What is Performance Scorecard?

Performance Scorecard ranks your drivers and your vehicles to help you analyse and monitor their performance. The scorecard assigns scores, on the basis of severity values set by you, to each driver and vehicle for parameters such as overspeeding, idling, harsh braking, harsh acceleration, sharp turning, and seatbelt violations.

What are Severity Values?

Severity Values are the penalties that are assigned by you for each parameter on which you want to analyse the performance of your drivers and your vehicles. You can set the severity values as Low, Medium, or High, based on the type of parameter and your operational needs.

The screenshot shows a dashboard titled "Alerts" with a search bar and filters. A table displays "Ignition on/off Alerts" for vehicle 86167-4. The table has columns for Vehicle Number, Ignition On Time, Ignition Off Time, and Ignition Duration. Two rows are visible: one for ignition on at 4:09 PM and one for ignition off at 4:44 PM, both on 22/02/2023.

Vehicle Number	Ignition On Time	Ignition Off Time	Ignition Duration
86167-4	22/02/2023 4:09 PM	22/02/2023 4:44 PM	35m
V8 Landcruiser	22/02/2023 2:47 PM	22/02/2023 2:55 PM	7m
86167-4	22/02/2023 2:39 PM	22/02/2023 3:12 PM	32m

Alerts Notification

The screenshot shows a notification card titled "Notification" with a speaker icon. It displays a notification for "86167-4: Device unplugged" received at "Today 4:55 PM" in "Kabul, Afghanistan". Below the notification, there is a "Comment" button. Another notification for "Ignition Off Alert" is partially visible below, received at "Today 4:44 PM".

Vendors

The screenshot shows the 'Vendors' management page in the SahilTracking application. At the top, there is a search bar labeled 'Name or Phone Number' with a magnifying glass icon. To the right of the search bar are buttons for '< Filters', '+ Add Vendor', and a dropdown arrow. Below the search bar is a table with the following columns: Name, Phone Number, Created By, Status, and Actions. The table contains four rows of vendor data, all with a status of 'Active'. At the bottom right of the table, it says 'Showing 1 - 4 of 4' with a page indicator '1 / 1'.
